ARRIVING AT LASALLE BEAUVAIS - PRESENTATION
LaSalle Beauvais – International Department – Student Guide 2015-2016

Location of Beauvais

Beauvais is located in northern France, 50 miles north of Paris.

Presentation of a LaSallian Institution

Saint Jean-Baptiste de La Salle

A Private graduate school

This Private graduate school, called ISAB (Institut Supérieur Agricole de Beauvais), was created in 1854 by the Christian Brothers with a speciality in Agriculture.

In 2006, more than 150 years later, the school merged with the Geological Institute, IGAL, and has been called Institut Polytechnique LaSalle Beauvais ever since.

Under the aegis of Ministry of Agriculture and Ministry of Education. LaSalle Beauvais is a member of Conférence des Grandes Ecoles, FESIC and Institut Catholique de Paris.
The La Salle Association

The La Salle Association has been given the responsibility by the Congregation of Christian Brothers to supervise our institution in terms of curriculum and teaching methods, pastoral activities and links with other schools. It ensures that the commitment to the Lasallian mission is maintained.

Worldwide information, see: www.lasalle.org ; for France, see: www.lasalle-fec.org

Our values

The school wishes to encourage values such as respect, sense of commitment and voluntary work, belief in equality and equal opportunities for the poor and underprivileged. Proof of this commitment can be found in the personal supervision students receive from faculty members, the promotion of extra-curricular activities in the academic programme and the comprehensive education offered by campus life and its vibrant community life.

Indeed campus life offers an exceptional experience of collective living calling upon a sense of responsibility to serve others and resulting in lifelong friendships.

All of the above is the foundation of the school’s spirit and strength that is shared by the hundreds of thousands educated every year in LaSallian institutions around the world.

Regional networks

*UPJV (Université de Picardie Jules Verne / Jules Verne / University of Picardy)
*UTC (Université de Technologie de Compiègne / The Compiègne Technological University)
*INRA (Institut National de la Recherche Agronomique / French National Institute for Agricultural Research)
*INERIS (Institut National de l’Environnement Industriel et des Risques / French National Institute for Industrial Environment and Risk Management)
*AGRO-TRANSFERT (an organization created to facilitate the transfer of research results to firms in the agricultural sector)

*Competitive cluster in the Ile-de-France Region “Sciences et technologies du vivant”: LaSalle Beauvais works in partnership with research teams from AgroParisTech and ENSIA within the 6th Research Framework Programme “ICARE”.

*Competitive cluster in the Picardy-Champagne Ardenne regions “Industries et Agroressources”: LaSalle Beauvais is an active member of this cluster and its global strategy. That cluster was given official status by the French government in July 2005.

*LaSalle Beauvais was also among the founding members of the Céréales Vallée Association, the governing body of a regional competitive cluster called “Céréales et Innovations”.

Data

LaSalle Beauvais has 1 840 students with app. 350 students graduating each year, 248 employees with 95 professors, assistant professors and more than 282 part-time lecturers from companies and partner universities.
Speciality in Agriculture

- French degree “diplôme d'ingénieur” / 7 specializations:
  - Marketing and Business development (MDC)
  - Consulting and Business administration (MPE)
  - Entrepreneurship and innovation in agriculture (EIA)
  - Industrial organization in the food Industry (IAA)
  - Agronomy and land management (AT)
  - Stakes and challenges of livestock farming (EDPA)
  - Agro ecology, water and land management (ASET)

Speciality in Food and Health

- Master degree “Management of urban food safety”
- French degree “diplôme d'ingénieur” / 4 specializations:
  - Prevention, diet and health benefits (PREVALS)
  - Formulation, Ingredients, Food Quality (FIQA)
  - Marketing, communication and sales (MCV)
  - Culinary techniques and Industrial applications for raw materials (CULINA)

Speciality in Geology

- French degree “diplôme d'ingénieur” / 4 specializations:
  - Geotechnics and natural risks (GEOTECH)
  - Hydrogeology and industrial risks (HYDROGEOL)
  - Mines and Quarries (MICA)
  - Petroleum geology (GEOPET)
- French degree “diplôme de technicien supérieur professionnel”

Academic programmes taught in English

- Spring semester in Nutritional sciences
- Spring semester in Water and Environmental Management
- Master degree “Plant Breeding”

Short-term programmes taught in English

- Experiential Learning in Sustainable Food Systems and Culinary Practice in French
- Geological field school in France

Nutrition and Health Sciences
Head of department: Still pending

EGEAL Research Team: “Gene Expression and Epigenetic Regulation by Food Components”
Molecules produced in domestic and industrial food processing and the health impacts they carry are being questioned in the worlds of industry and medicine. The EGEAL team aims to gain further knowledge of the precise nature of these molecules and determine the short and long term consequences of their consumption particularly with regard to disease. Their main objective is in accordance with the National Health and Environment Plan and plans to assess the environmental risks in target populations in order to prevent the development of disease. (Research team head: Dr Frédéric TESSIER)

Inter-disciplinary Sciences and Management Department
Head of department: Dr OUALLET Laurent

PICAR-T Research Team “Processes of Innovation, Competitiveness in Agriculture and Rural areas and Territories”. The scientific objective of the PICAR-T research team is to gain a better understanding of the direct and indirect effects that territories have on the innovation process (Research team head: Dr Loic SAUVEE)

Geosciences
Head of department: Dr VAUTIER Yannick

HydrISE Research Team “Hydro-geochemistry and Soil-Environment Interactions”. The HydrISE research team addresses the issues related to trace metal (TM) transfer to surface environments, taking into account the pathway from the rock to the surface and underground waters, via the soil/plants system. The studies carried out by the HydrISE team will contribute to the remediation of chemical soil/water pollution. (Research team head: Dr Olivier POURRET)

B2R Research Team “Evolution of Sedimentary Basins, Reservoirs, and Fossil and Renewable Energy Sources (Oil, Geothermal, Water)”. The B2R team studies the evolution of sedimentary basins formed several million years ago in order to predict the evolution of current and potential natural resource systems. (Research team head: Sébastien POTEL)
A teaching and research area of 10.000 m² (2 ½ acres)

ADMINISTRATIVE PROCEDURES
AND
FINAL REGISTRATION
Health insurance and medical coverage in France
(Non-European Union students)

Health insurance is mandatory and is called Sécurité Sociale.
Although the social security system is officially the responsibility of the Caisse Primaire d’Assurance Maladie (CPAM), the social security system for students is run by two organizations:
- Either LMDE (La Mutuelle des Etudiants) www.lmde.com
- Or SMENO (the Société Mutualiste des Etudiants Nord-Ouest) www.smeno.com

Registration with the student social security system is carried out upon arrival with the academic assistant of your speciality.

Payment at the student charge is required for this registration (cf. 2014-2015 fees: € 213)

Students who must register with the French student social security system
All French students, as well as citizens out of the European Economic Area (Member countries of the European Economic Area: the 27 countries of the European Union as well as Norway, Iceland, and Liechtenstein), and who are under 28 years old on 1 October of the current academic year and enrolled in an establishment registered to that effect by the Social Security are concerned.

Students exempt from having to register with the French student social security scheme
Students who are citizens of a member state of the European Economic Area.
You must have the European Health Insurance Card issued by the appropriate social welfare department of your home country (which must be requested before your departure),

Students who cannot benefit from the student social security scheme
If you are 28 years old or more, you have to take out private voluntary insurance cover either in France or in your home country. If your financial situation does not allow you to do this, ask the student insurance companies for information about the Couverture Maladie Universelle (CMU – universal sickness cover). The CMU scheme enables anybody who is a legal resident in France and who does not fall into the remit of another social security scheme to benefit from health insurance payments for healthcare-related expenses.

Students from Quebec
You must have form SE401Q102 Bis, or, if you are participating in an inter-university exchange, form SE401Q106. If you have neither of these forms, you must contact the student health insurance companies (mutuelles étudiantes) in France.
Your registration with the French social security system reimburses part of the medical expenses, for example, medical consultations, obtaining prescribed medicines, and stays in hospital.

To obtain a higher reimbursement rate, you can take out a supplementary insurance policy with one of the student health insurance companies.

This is not mandatory, but it is strongly recommended as it makes up the difference between the amounts charged by the State for treatment and the amount reimbursed by the Sécurité Sociale.

The reimbursement rate by the Assurance Maladie (state health insurance) of a consultation with your general practitioner is 70% of a set charge of €23. For this consultation, the Sécurité Sociale will reimburse you the sum of €15.10. Nevertheless, you will always have to pay €1 for any medical consultation.

Ask the LMDE or SMENO or any organisation of your choice for information and advice.

Important
Remember to cancel your complementary health insurance contract before leaving France.
How to be reimbursed of medical costs?

Where to send your completed and signed “feuille de soins”?  
* LMDE 1 Rue de Savoie, 60013 Beauvais  
* SMENO Centre de traitement - 59 040 Lille cedex
Civil Liability

The law of civil responsibility makes it mandatory for you to repair damage that you cause to another person, whether it is by carelessness or breach of the law. Your responsibility can also be implicated in damage caused by people, animals, or objects for whom or for which you are responsible. In order to avoid the direct payment of compensation to the victims yourself, you must have already taken out a civil responsibility insurance policy (“garantie responsabilité civile”) with an insurance company.

**Nb:** This civil liability is included with the room insurance contracted at LaSalle Beauvais. If you decide to live off-campus, you must get your own accommodation and liability insurance! It is mandatory in France!

## Housing

### Insurance

LaSalle Beauvais is not responsible in case of theft in bedroom or in classroom.

- Students are required to **insure (at their expense) the content of their room** directly at LaSalle Beauvais **upon arrival**. As mentioned above, this fee is for accommodation and liability insurance (2015-2016 fees: € 39). **Again, if you do not live on campus, you are required to get your own accommodation and liability insurance and bring a proof of liability insurance to International Department!**

- Lost room keys have a € 30 replacement fee.

- There is also a onetime 100 € campus fee due **upon arrival**.

### Financial Support

**Except student visa with “dispense de titre de séjour”, the international students are entitled to an accommodation allowance (APL/ALS) from the French government** (Caisse d’Allocations Familiales, CAF: [www.caf.fr](http://www.caf.fr)). The amount varies according to the rent paid and the status of the student. **The file must be completed online upon arrival.** The amount will be deducted of the total directly by the accounting department. Please note that the confirmation of the allowance can take several months.

**Document regarding international students (in English):**

**Online Form to Submit:** [http://www.caf.fr/aides-et-services/les-services-en-ligne FAIRE UNE DEMANDE DE PRESTATION](http://www.caf.fr/aides-et-services/les-services-en-ligne)

**Rent payment**

Every month or at the end of the study period: payment by cash, credit card or bank wire.

*Where to pay?* Cf: “main contacts at LaSalle Beauvais” in this Student Guide.
Student email address and web access

All students of LaSalle Beauvais have an email address always in the following formal: firstname.name@etu.lasalle-beauvais.fr

You can check your email by using LaSalle Beauvais extranet website https://mail.lasalle-beauvais.fr

Free web access - using personal login and password:

- Agora by Wi-Fi; J residence by Wi-Fi;
- Computer stations n° G102; O101; O102; O103; O104 and O105;
- Residences halls by cable connexion

Multiservice Card

At your arrival, your will get a “Multiservice” card which will be your:

- Personal Student Card
- University restaurant electronic payment card
- Electronic pass to security barriers and academic/student buildings on the evenings

This card is useful outside of the campus to get discounts at cinema, fast-food, concert, theatre, etc.

The Multiservice card can be credited:
- by credit card on the internet (www.lzly.fr)
- or by cash, directly at the Secretary of the university restaurant (only on the mornings from Monday to Friday)

French Bank Account

Opening a Bank account (free of charge) is mandatory for non-European students and strongly recommended for European students. It will help you to: charge your Multiservice card; receive your reimbursements from your medical insurance; get student discounts…

Documents to be provided to open a Bank account:

- Photocopy of passport & visa
- Proof of accommodation (delivered by International Department upon your arrival)
- Proof of enrolment/ “certificate de scolarité” (delivered by International Department upon your arrival)
- Multiservice card (student card)

Where? List of Banks available “Everyday life in Beauvais / practical information” or on the online directory www.pagesjaunes.fr

Prior to departure

Mandatory process: end all of your administrative formalities before leaving:

- At LaSalle Beauvais: housing payment, check out…
- At International Department: ask for an appointment with the incoming student coordinator to check everything and get the certificates you could need.
- Outside of LaSalle: close your Bank account; cancel your cell phone contract, health insurance.
STUDENT VISA “LONG SEJOUR”
(Non-European Union students)
With one exception, the new VLS-TS visa (VLS-TS = Visa Long Séjour - Titre de Séjour) applies to all international students wishing to enroll in a French institution of higher education. The exception is Algerian nationals, who are subject to other provisions.

In most cases, the extended-stay visa with residency permit (VLS-TS) are valid for 1 year, "except in circumstances calling for the issuance of a visa with a shorter period of validity, as in the case (...) of some students."

More information on:
http://www.campusfrance.org/fr
http://www.diplomatie.gouv.fr/fr

Medical examination

When the VLS-TS visa is issued, the consulate will give the applicant an official form with instructions (example on page 21) that the applicant must present to the French office of immigration and integration (OFII).

NB: This does not apply to visas specifying “dispense temporaire de carte de séjour”.

Holders of the VLS-TS visa no longer have to obtain a residency permit from the prefecture having jurisdiction over their place of residence in France, but they do have to report to the OFII and complete several administrative formalities.

Upon arriving in France, a VLS-TS holder must turn in to the International relations office:

- the official form received from the consulate that issued the visa
- A copy of passport pages showing the visa holders identity and the stamp indicating entry into France (or into the Schengen area).
Upon receipt of these documents, the local office of the OFII will send you to the address you provided a letter acknowledging receipt of the form. A second letter will ask you to have a medical examination if such an examination was not performed in the holder's country of origin or upon entering France.

Office Français de l'Immigration et de l'Intégration
OFII Picardie - 64 bis rue du Vivier 80000 Amiens - tel 03 22 91 28 39
www.ofii.fr

In all cases, a tax of €58 (2014-2015 fees) must be paid by purchasing a tax stamp marked "OMI" or "ANAEM."

The stamp may be purchased:
- online at www.timbresofii.fr
- in certain shops that sell tobacco products downtown (Tabacs)
- at tax offices.

Algerian students applying for their first 1-year “residency certificate” are also subject to this tax. However, because they do not obtain an extended-stay visa with residency permit, they may not use the virtual stamp purchased online. Instead, they must purchase the paper version.

The health examination consists of:
- A general clinical examination
- An X-ray of the lungs
- A check of your vaccinations record

Documents to be provided
- A passport
- 2 identity photos (bareheaded)
- Proof of accommodation in France
- Certificate of study/enrolment
- Written proof of financial resources
- A €58 fiscal stamp (OFII)

Where?
The first appointment will be at the medical center in Amiens (the international incoming student coordinator will explain you the trip to get there).
And then, the second appointment will be at the Préfecture de l'Oise in Beauvais in order to get the sticker (see picture above).

Concerned: students registered at LaSalle Beauvais for a study period of more than 1 year.

The renewal of the student visa “long séjour” will have to be requested at Préfecture de l'Oise no later than 2 months before the visa deadline expires.

LaSalle Beauvais International Department will provide you a certificate of study/enrolment for the next academic year and an accommodation certificate to prove it.

Préfecture de l'Oise will give you a temporary receipt which allows you to travel inside the Schengen zone.

Important: you must get the OFII stamp (obtained at the medical examination) before asking for the “titre de séjour”.

Documents to be provided

> A passport with visa and OFII stamp

STUDYING AT LASALLE BEAUVAIN
Upon arrival, a certificate of acknowledgement of academic rules will have to be signed by each international student. The students will have to respect these rules throughout their stay. **All courses chosen on the learning agreement must be attended.** Grades are based on the European Credit Transfer and Accumulation System (ECTS)

### Exams
For all exams, you can request 1/3 extra time and a French language dictionary (provide your own) at the Student Administrative office.

**Only for students attending classes taught in French in the “Diplôme d’Ingénieur” programmes.**

### Validation of exams
All courses have written and oral exams, tests, personal and group work.

**In order to get ECTS credits / US credits you must complete them successfully with a minimum result of 10/20 or a grade between A to E.**

If the result is less than 10 points / 20, it means that the exam is failed (grade F) and no credits will be obtained.

**Retake exams:**
- For degree-seeking students: mandatory, check with the academic supervisor at LaSalle Beauvais.
- For non-degree seeking students: according to your date of departure and modalities of the teacher concerned.

STUDENT LIFE ON CAMPUS
LaSalle Beauvais campus is just over 2 miles from downtown Beauvais, where you can find every commodity.

The scenic 25 acre campus, surrounded by 75 acres of private woodland, is located north of Beauvais.

Students enjoy a full range of services: a dining hall, open 7 days a week, app. 1100 student bedrooms, access to laundry facilities, a gymnasium, and a student center where you will meet the members of the student government and the different student organizations.

Modern learning facilities include a library, and computer stations, all open 7 days a week.

Academic buildings are open from 7:00am to 11:00pm. Access by Multiservice card.
Library is open from 9:00am to 11:00pm (Monday-Thursday) and from 9:00 am to 6:00pm (Friday).
Gymnasium, squash room, fitness centre are open from 7:00am to 11:00pm all week, free of charge.
Residence halls

All international students are priority and are accommodated in the same building “Résidence du Bois”, building J.

For degree-seeking students who want to keep their bedroom and leave their stuff in during Summer, the rent will be due even if they do not stay on the campus.

Rooms offered (2015/2016 fees) –subject to availability--

- Single room with a private bathroom (restroom and shower) = € 483 / month
- Double room (for 2 students) with bunk beds and a shared bathroom = € 260 / month

Standard room (single and double rooms are both standard) contains a bunk bed (single size mattress and sheets), 2 desks with a chair, 2 wardrobe and shelves; inside the bathroom you have a sink, a shower and toilets. Towels, blanket, pillow and sheets are provided.

For check out, please refer to the Housing rules agreement you have to sign upon arrival.

A shared kitchen is at the student’s disposal on the ground floor of building J.

Please do respect the rules mentioned on Housing rules agreement.

One international student in charge of the kitchen management will be elected at the beginning of each academic year and will be the referent to International Department. In case of non-respect of the rules and for security & safety reasons, the kitchen could be closed provisory or definitely.

Wi-Fi access is available in building J.

It is forbidden to:
- Cook inside bedrooms
- Smoke inside residences and bedrooms
- Use drugs on all campus
- Drink alcohol > 16°C
- Make noise on campus and after 10:30pm

No room changes will be accepted after arrival!
Please ask family and friends to respect the form on the envelope.

Please note that there is one student for each “promotion”/programme, who is in charge of gathering the post mail received and delivering it to the mail boxes located at the AGE office - General Student Organization building / 1st floor.

More voluminous parcels are directly delivered at the Logistics Centre (G Building/Ground Floor). The Logistics Centre will inform you by email once you receive a parcel.

Laundry facilities

Washing machines (€ 1.50 / washing) and dryers (€ 0.50 / drying) are at the student’s disposal on the campus, near the fitness room.

Student dining

The university restaurant (CROUS/Izly) is open every day for breakfast, lunch and dinner.

A meal costs around € 3.20 for a traditional 3-course meal: starter, main course with meat/fish and vegetables, cheese or dessert.

Breakfast is free of charge for students renting a room on the campus.
Meals are paid for by using your Multiservice card, which is rechargeable on the website – www.izly.fr – or directly with the restaurant secretary in the morning from Monday to Friday.

The **gymnasium** also incorporates a fully-equipped, **soundproof music room** offering excellent conditions for rehearsal and practice.
The General Student Organization / AGE (“Association Générale des Etudiants”) regroups more than 75 organizations and clubs that coordinate student social, cultural and recreational activities. The AGE manages many varied activities such as sports and games, theatre, cinema, photography, music, events, relations with other schools, parties, etc.

The AGE has its own student centre (fax, photocopy cards, mail boxes…) with bar, TV, games, dancing room, etc.

AGE provides all the necessary information regarding student activities on campus:
Website: www.agelasallebeauvais.fr
Contact: age@asso.lasalle-beauvais.fr
and in the “18h-8h” student guide.

At the beginning of the academic year, one international student will be elected as the “President of International Students”. His role will be to represent all the international students on the campus and at AGE.

This President will be the referent to International Department, AGE & Com’Internationale.

Moreover, at the beginning of the academic year, we recommend the international students to elect a “promotion” /programme representative” who will facilitate communication and information between different departments/staff/services at LaSalle Beauvais.
Com’Internationale (International student organization)

Student organization dedicated to international students!
Com’Internationale helps the International Department in welcoming and informing international students throughout the year!
Members help you to meet new contacts and discover the campus, Beauvais, Picardie, Paris and France.
They also organizes dinners to discover French gastronomy, tourism visits, international parties…

A French buddy student will also help you at your arrival with your administrative process, campus visit, practical information, and also during your whole academic stay and everyday life. Do not hesitate to ask your buddy for any need you will have!
If you have any complaint regarding your buddy, please inform Com’Internationale or International Department.
Contact: com.internationale@asso.lasalle-beauvais.fr

Every semester, a 1-day excursion is proposed by Com’Internationale to all international students and all members of Com’Internationale student organization.
Com’Internationale asks for a small financial participation for the transportation. It costs around €10/15 depending of the kind of excursions.

Examples:
* Chantilly and Pierrefonds discovering Picardian castles (picture)
* Amiens discovering Christmas market, Jules Verne museum and the famous floting gardens “les Hortillonnages”
Main events

In the framework of their integration on the campus, international students are also welcome to participate in the preparation, logistics of events organized on the campus!

La Nuit de l’Institut: “Gala” (March)

Every year, in March, the 4th year students organize a famous party known throughout the Picardie region gathering students, alumni, partners, staff, ... with a different theme every year.

Work in France during your studies

NB: please note that students enrolled in a degree have a very busy schedule

General information on www.travail.gouv.fr

International students have the right to work while studying in France as long as they are enrolled in an institution that participates in the national student health-care plan.

Students who are not nationals of EU member countries must also hold a valid residency permit.
The right to work applies to all students, including those who are in France for the first time, those who are enrolled in the first year of a university program, and those who are enrolled full-time in a language school.

The law allows students to work 964 hours in a given year, which corresponds to 60% of full-time employment for the year. Remember that you can't expect to meet all of your expenses by working part-time, so you must have other means of support.

France has a national minimum hourly wage, known as the SMIC. The SMIC presently stands at € 9.61 gross per hour worked, before mandatory withholding for social benefits. Withholding reduces the worker's net wage by about 20%.

You are no longer required to obtain temporary employment authorization (APT, Autorisation Provisoire de Travail) in order to work part-time while enrolled. Exception: Algerian students are still covered by the Franco-Algerian agreement of December 27, 1968.

EVERYDAY LIFE IN BEAUVAIS
LaSalle Beauvais – International Department – Student Guide 2015-2016

Presentation of Beauvais

Beauvais is the major city (prefecture) of the Oise department in the Picardie region. The region is located in the north of France (50 miles north of Paris) where agriculture produces crops (sugar beet, cereals, rapeseed, peas) and diversified breeding. Food industry and international research centres are located in the surrounding area.

Beauvais is a small town of 65,000 inhabitants, with a very interesting historical center known all over Europe for its gothic cathedral and its astronomical clock, unique in the world. Moreover, it has been famous for tapestry making for more than three centuries.

In 2011, the city of Beauvais obtained the French Label « Ville d’art et d’histoire » from the French Ministry of Culture and Communication.

TOURISM IN PICARDIE
General and useful information

The Picardie region is comprised of the Oise, Somme and Aisne departments. The Picardie region has a lot to offer thanks to its agriculture, historic cities and castles, churches and cathedrals, small villages surrounded by a generous nature such as the natural “Baie de Somme”. You will also find a rich and diversified gastronomy.

Amiens:

Amiens is the capital of Picardie, in the Somme department.

Famous writer Jules Verne lived various years in Amiens.

Today, his house is a famous museum: http://www.amiens.fr/decouvrir/jules-verne/index.asp

“Les Hortillonnages” are floating gardens of 300 hectares downtown near the cathedral.
Baie de Somme

The Picardie coast, renowned for being the coastline the least touched by urban development in France, has numerous conservation areas which may be explored on foot, on horseback or by bike. [www.promenade-en-baie.com](http://www.promenade-en-baie.com)

There is a large variety of birds in this region. More than two-thirds of all European birds have been observed here. Visitors to the bird sanctuary of Marquenterre can watch birds flying in complete freedom, from special concealed posts. The “Maison de l'Oiseau”, has recreated some superb scenes, presenting the birds in their different settlement.

Les Phoques veaux-marins du Hourdel

On Le Hourdel beach, you can observe the biggest colonies of “phoques veaux-marins” of France (almost 165 seals). You will have the opportunity to know their story, to walk on the beach and to observe them freely. A natural treasure of the Picardian bay!
